

NEW SENSOR MOUNT FOR G-822, G-823 AND G-824 MAGNETOMETER LINE

Geometrics is now offering a new, revised sensor mount for its airborne and other mobile-mounted magnetometers. This new mount enables the user to very easily adjust the sensor's orientation to any angle, maximizing magnetometer performance and data quality.

This new mount is fabricated from lightweight, high-performance polymer materials that can withstand the full range of airborne operating conditions encountered worldwide
